

PASS Survey Data: Outline

Content characteristics	
Topics	<p>Socio-demographic characteristics, employment-related characteristics, benefit-related characteristics, Unemployment Benefit II, participation in measures (since wave 3), participation in "One-Euro-Jobs" (since wave 4), subjective indicators, quality of employment (since wave 7), participation of children and youths education and inclusion subsidies (since wave 6)</p> <p>Special focus wave 3: retirement provisions, health, social networks</p> <p>Special focus wave 5: social networks, 'Big Five'</p> <p>Special focus wave 6: health and sports</p> <p>Special focus wave 7: awareness of stigmatisation and prejudices, memory power and ability to concentrate, sport</p> <p>Special focus wave 9: network and minimum wage</p> <p>Special focus wave 10: deprivation of children, impulsiveness and attitudes (job and family / childcare)</p> <p>Special focus wave 11: social integration, educational aspiration</p> <p>Special focus wave 12: evaluation of vacancies</p>
Data unit	<p>Individuals and households in receipt of Unemployment Benefit II as well as individuals and households residential in Germany</p> <p>Note: Interviews of persons over 65 years only by use of a short questionnaire</p>
Number of cases	<p>Wave 1: 18,954 individuals living in 12,794 households</p> <p>Wave 2: 12,487 individuals living in 8,429 households</p> <p>Wave 3: 13,439 individuals living in 9,535 households</p> <p>Wave 4: 11,768 individuals living in 7,848 households</p> <p>Wave 5: 15,607 individuals living in 10,235 households</p> <p>Wave 6: 14,619 individuals living in 9,513 households</p> <p>Wave 7: 14,449 individuals living in 9,509 households</p> <p>Wave 8: 13,460 individuals living in 8,998 households</p> <p>Wave 9: 13,271 individuals living in 8,921 households</p> <p>Wave 10: 12,697 individuals living in 8,541 households</p> <p>Wave 11: 13,703 individuals living in 9,420 households</p> <p>Wave 12: 13,273 individuals living in 9,211 households</p>
Period covered	<p>1st wave: 2006/2007</p> <p>2nd wave: 2007/2008</p> <p>3rd wave: 2008/2009</p> <p>4th wave: 2009/2010</p> <p>5th wave: 2011</p> <p>6th wave: 2012</p> <p>7th wave: 2013</p> <p>8th wave: 2014</p> <p>9th wave: 2015</p> <p>10th wave: 2016</p> <p>11th wave: 2017</p> <p>12th wave: 2018</p>
Time reference	Date of survey, retrospective observation data since 01/2005
Regional structure	East/ West Germany, German federal state (Bundesland)

Territorial allocation	As of date of survey
Methodological characteristics	
Method of data collection	<p>Original sample in wave 1: Two-stage random sample including two partial populations (sample I (BA) and sample II (Microm))</p> <p>Refreshment sample (BA) in wave 2 (sample III)</p> <p>Refreshment sample (BA) in wave 3 (sample IV)</p> <p>Refreshment sample (BA) in wave 4 (sample V)</p> <p>In wave 5 the sample was repopulated with two additional samples using a two-stage random sample including two partial populations (sample VI (registers of the local residents registration office) and sample VII (BA))</p> <p>Refreshment sample (BA) in wave 5 (sample VIII)</p> <p>Refreshment sample (BA) in wave 6 (sample IX)</p> <p>Refreshment sample (BA) in wave 7 (sample X)</p> <p>Refreshment sample (BA) in wave 8 (sample XI)</p> <p>Refreshment sample (BA) in wave 9 (sample XII)</p> <p>Refreshment sample (BA) in wave 10 (sample XIII)</p> <p>Refreshment sample (BA - Syrian/Iraqi households) in wave 10 (sample XIV)</p> <p>Repopulation sample (registers of the local residents registration office) in wave 11 (sample XV)</p> <p>Refreshment sample (BA) in wave 11 (sample XVI)</p> <p>Refreshment sample (BA - Syrian/Iraqi households) in wave 11 (sample XVII)</p> <p>Refreshment sample (BA) in wave 12 (sample XVIII)</p> <p>Refreshment sample (BA - Syrian/Iraqi households) in wave 12 (sample XIX)</p>
Institutions involved	<p>Commissioned by: Institute for Employment Research (IAB)</p> <p>Carried out by: TNS Infratest Sozialforschung (waves 1-3), infas Institut für angewandte Sozialforschung GmbH (since wave 4)</p>
Frequency of data collection	Annually (panel)
File format and size	Stata (several files)
File architecture	Cross sectional and longitudinal datasets
Data access	
Data access	Scientific use file
Degree of anonymisation	Factually anonymous
Sensitive variables	None
Standards for the citation of data and data documentation	<p>Data:</p> <p>'This study uses the factually anonymous data of the Panel Study 'Labour Market and Social Security' (PASS). Data access was provided via a Scientific Use File supplied by the Research Data Centre (FDZ) of the German Federal Employment Agency (BA) at the Institute for Employment Research (IAB).'</p> <p>Data documentation:</p> <p>- Trappmann, Mark; Beste, Jonas; Bethmann, Arne; Müller, Gerrit (2013): The PASS panel survey after six waves.
