# CALL FOR PAPERS

## 1st LISER-IAB Conference on Digital Transformation and the Future of Work

### 13-14 February 2020 · Luxembourg

The Luxembourg Institute of Socio-Economic Research (LISER) and the Institute for Employment Research (IAB) are pleased to announce the 1st LISER-IAB Conference on Digital Transformation and the Future of Work. The objective of the conference is to bring together researchers in social sciences to discuss their more recent research related to digital transformation and the future of work. Researchers interested in presenting at the LISER-IAB conference are invited to submit theoretical, empirical and experimental contributions.

### Topics of interest

The conference focuses on the consequences of digitalization on

Working tasks · Skills · Wages · Motivation · Performance · Health · Well-being · Work-life balance · Workplace organization · Job design · Workforce structures · Performance · Functional areas · Shifts in labor demand and supply · Gig economy · Crowd working · Online labor markets · Employee mobility · Work-family decisions · Education and training systems

Please submit your paper or an extended abstract (2-4 pages) in PDF no later than **31 October 2019** to **liser-iab-conference@liser.lu**. Submissions by PhD students are particularly encouraged.

### Registration

All submissions will be reviewed by the members of the scientific committee. Authors will be informed upon acceptance by **20 December 2019**.

The conference fee will be EUR 90 (for PhD students EUR 50). The fee will cover conference material, coffee, lunch breaks, and dinner.
